

# 140 cfm Enclosed Diesel Engine Driven Rotary Screw Compressor

140 cfm @ 100 psi

120 cfm @ 150 psi

## Features

- Industrial grade rotary screw airend
- Industrial grade drive engine
- Electric start drive engine
- Engine idle control to meet air demand
- High oil temperature shut down
- High air temperature shut down
- JIC quick connect air & oil lines
- Low engine oil shutdown
- Quick service compressor filters
- Vibration mounting pads
- 12 Volt compressor air & oil cooler pack\*

## Package Options

- Battery for engine electric start
- Cold weather heating package
- Compressed air regulator control pack
- Cover color change
- Drive engine control extension
- High ambient temperature cooling package
- 6 or 12 gallon EPA, DOT rated fuel cells
- 6 or 30 gallon air storage tank

\* Cooler pack to be mounted external to compressor system. 12 volt control voltage connection to be supplied by vehicle/equipment compressor is mounted to.
